Established in 1938, **Canadian Power & Sail Squadrons (CPS)** is a nationwide organization of recreational boating enthusiasts. CPS is a charitable organization with over 30,000 active members. Our volunteer instructors help recreational boaters improve their boating safety knowledge as well as their vessel handling and navigation skills. Successfully complete the Boating Course or Boat Pro and receive a one year complementary membership to CPS with access to member benefits.

Marine Maintenance

Keeping your boat in Bristol condition

Canadian Power & Sail Squadrons
Volunteers Teaching Safe Boating

Marine Maintenance

The full enjoyment of boating includes both the pleasure of using the boat and the satisfaction of properly maintaining it. To many boaters, working on their boat is part of the fun, to say nothing of the savings in costs.

All boats need maintenance to correct for the gradual deterioration from wear and tear let alone exposure to the elements. A boater should be constantly on the alert for signs of vessel degradation, and make repairs while the problem is minor.

From spark plugs to bottom paint, the Marine Maintenance course covers all the basics for DIY boaters.

Topics

- » The Hull
- » General Maintenance
- » The Electrical System
- » Marine Engines
- » Gasoline Fuel System
- » Ignition
- » Lubrication
- » Engine Cooling
- » Outboards
- » Seasonal Maintenance
- » Safety Equipment
